The work

Johan Helmich Roman wrote at least 12 Sonatas or Suites for solo harpsichord.

This edition
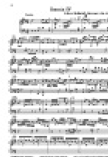

This is an uncomplete edition of the Suites and Sonatas. Maybe sometime in the future it will be more complete, but don't hold your breath.

The originals used for these editions are facsimiles of Romans own autographs. All the originals are now kept in **Statens musikbibliotek** in Stockholm. The used facsimiles were published by Autographus Musicus, Stockholm.

In those cases where corrections of accidentals have been made, the new accidentals is printed above the staff.
